

Young carers

Many young carers don't think of themselves as a carer, the caring role often grows over time. If you are a young carer, you are probably looking after a parent, grandparent or care for a brother or sister. You may do extra jobs around the home, cooking, cleaning or helping someone get dressed and move around. You may also give physical help to a parent, brother or sister who is disabled or ill.

How we can help

-  Provide information, advice and support
-  Provide 121 emotional support in a safe place
-  Arrange groups and activities to help you make new friends, have fun and most of all have 'time out'
-  Help you access support to look after your own health and wellbeing
-  Prepare for the future by supporting you with education and next steps

Young Carers Warwickshire

Do you look after a relative or friend who can't manage without your support?

You are a carer and this leaflet explains the free and confidential help that is available to you.

If you look after a partner, relative or friend due to disability, old age, mental health difficulties' or an addiction, you are a carer, even if you don't think of yourself as one. However, without the right support in place it can often affect your Physical and Mental Wellbeing.

Who we help

Everyone's experience of being a carer is different and can be both rewarding and challenging. As a carer, it's important to look after your own health and wellbeing.

By registering with Caring Together Warwickshire, you will have access to free information, guidance and support to empower you in your caring role.

This could help you to meet other carers who understand the challenges you face, try new activities and help you take time out for you. Also providing you with local up to date community information.
