

Corporate Volunteering

Carers Trust Heart of England is committed to improving the lives of unpaid carers in Coventry and Warwickshire. As a valued partner, your organisation can engage in activities to create a lasting social impact. Volunteer with us and help raise awareness of unpaid carers in Coventry and Warwickshire.

Corporate volunteering with Carers Trust Heart of England is not just an opportunity to give back to your community, it's a chance to expand your company's profile and culture, increase employee engagement and staff morale, and create a positive change in the lives of unpaid carers.

We know the profound impact that corporate support can have, and we would be happy to discuss tailor made volunteer roles that align with your CSR and SDG goals. We have various opportunities for corporate engagement both face to face and remote.

We would like to show our gratitude in any way we can in return for your support. We can thank you and tag your company in social media posts, take pictures of your team when volunteering, give you a thank you certificate, and provide you with quotes to use in any of your own website, social media updates or press releases.

We have various opportunities for corporate engagement both face to face and remote.

Types of Corporate Volunteering:

- Volunteer as a group at one of our events.
- Create your own special event – this could be a great way for your employees to work as a team in the fundraising and delivery of the event.
- Professional Support – this could be mentoring sessions to staff, or support with areas like digital marketing, social media, or producing a promotional video.
- Providing workshops to staff and carers on specific topics.
- Supporting the Young Carers at groups or online with sessions like CV writing, English and Maths tutoring, budgeting and financial skills etc.
- Could your organisation donate its products or services?

If there isn't something listed above that you would like to do, we may be able to organise one-off events, recurring commitments, or tailored projects for your employees. By partnering with Carers Trust Heart of England, your organisation can play a crucial role in creating a fairer society for unpaid carers.
